PAIN MANAGEMENT AND COMFORT

Acupuncture

A safe, natural way to treat an extensive list of symptoms and conditions, including acute and chronic discomfort such as sciatica, joint, muscle and arthritic pain. Acupuncture is a form of traditional medicine in which thin needles are inserted into the body to stimulate endorphins – the body’s natural production of anti-pain chemicals, increase circulation, and interrupt the neurotransmission of pain.

ACUPUNCTURE ENHANCEMENTS

Electroacupuncture*

Combines acupuncture with a TENS Unit (transcutaneous electrical nerve stimulation), which uses electrodes to stimulate the nerves in an affected area. The electric pulses send a message to the brain that blocks pain signals. Electroacupuncture should not be used on guests who have a history of seizures, epilepsy, heart disease, strokes, or on patients with pacemakers.

29

Cupping*

A traditional form of alternative medicine, we use a fire-free cupping technique in which special cups are placed on the skin to create a suction used to move long-standing congestion, eliminate chronic inflammation, and assist in the restriction of movement.

39

CHINESE HERBAL SUPPLEMENTS

Herbal Pain Relievers

Chinese herbs are integral to Traditional Chinese Medicine and have been used for thousands of years to help with pain conditions.

These three herbal remedies can assist with pain:

JOU® Back and Knee Formula – an herbal remedy specifically for back and knee pain

JOU® Joint Remedy – an herbal formula for joint pain

JOU® Ache Ease – a general herbal pain killer

In addition to these capsules, we offer menthol and camphor products for external application that can provide instant relief. Our Instant Refreshing Gel is among our most sought-after products to address pain on board. Consult a certified pain professional for pain relief recommendations.

MASSAGE THERAPIES

Aroma Spa Seaweed Massage

The power of aromatherapy is combined with the riches of the ocean in this deeply warming treatment. A heated seaweed mask containing a blend of essential oils is applied to your body before you are cocooned in a warm wrap. As you relax, our natural ingredients will detoxify, decongest and stimulate your body systems. Treatment includes either half or full-body massage.

R3 Pain Management Therapy — Relax, Repair, Relief

Highly recommended for back pain, joint stiffness, tired or aching muscles to help provide effective and immediate relief. Inspired by the benefits of cryotherapy, the power of “cold therapy” is re- imagined, reducing inflammation and swelling that causes pain. Comforting heat therapy uses targeted salt stone massage to relax and soothe muscle tension for a dynamic pain relief treatment.
