AT SEA. ON LAND.

The Global Health and Wellness Company

INVESTOR PRESENTATION

October 2026

DISCLOSURE & FORWARD-LOOKING STATEMENTS

Forward-Looking Statements

This Investor Presentation includes "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, Section 21E of the Securities Exchange Act of 1934, as amended and the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995. The expectations, estimates, and projections of the Company may differ from its actual results and consequently, you should not rely on these forward-looking statements as predictions of future events. Words such as "expect," "estimate," "project," "budget," "forecast," "anticipate," "intend," "plan," "may," "might," "possible," "would," "will," "could," "should," "believe," "predict," "potential," "continue," or the negative or other variations thereof and similar expressions are intended to identify such forward-looking statements. These forward-looking statements include, without limitation, expectations with respect to future performance of the Company, including projected financial information (which is not audited or reviewed by the Company's auditors), and the future plans, operations and opportunities for the Company and other statements that are not historical facts. These statements are based on the current expectations and beliefs of the Company's management concerning future developments and their potential effects on us taking into account information currently available to us and are not predictions of actual performance. There can be no assurances that future developments affecting us will be those that we have anticipated. These forward-looking statements involve significant risks and uncertainties that could cause the actual results to differ materially from the expected results. Factors that may cause such differences include, but are not limited to: the demand for the Company's services together with the possibility that the Company may be adversely affected by other economic, business, and/or competitive factors or changes in the business environment in which the Company operates; changes in consumer preferences or the market for the Company's services; changes in applicable laws or regulations; the availability of competition for opportunities for expansion of the Company's business; difficulties of managing growth profitably; the loss of one or more members of the Company's management team; and other risks and uncertainties described or incorporated by reference in the Company's reports (including all amendments to those reports) filed from time to time with the SEC. The Company cautions that the foregoing list of factors is not exclusive. You should not place undue reliance upon any forward-looking statements, which speak only as of the date made. Should one or more of these risks or uncertainties materialize, they could cause our actual results to differ materially from the forward-looking statements. The Company does not undertake or accept any obligation or undertaking to release publicly any updates or revisions to any forward-looking statements to reflect any change in its expectations or any change in events, conditions, or circumstances on which any such statement is based or otherwise, except as required by law. These forward-looking statements should not be relied upon as representing the Company's assessments as of any date subsequent to the date of this Investor Presentation.

Use of Projections

This Investor Presentation contains financial forecasts, including with respect to estimated Revenues, Net Income, Adjusted Net Income, EBITDA, Adjusted EBITDA, Adjusted EBITDA Margin, Unlevered After-Tax Free Cash Flow, Levered After-Tax Free Cash Flow and Unlevered After-Tax Free Cash Flow Conversion. OSW's independent auditors did not audit, review, compile, or perform any procedures with respect to the projections for the purpose of their inclusion in this Investor Presentation, and accordingly, did not express an opinion or provide any other form of assurance with respect thereto for the purpose of this Investor Presentation. These projections should not be relied upon as being necessarily indicative of future results. In this Investor Presentation, certain of the above-mentioned estimated information has been repeated (subject to the qualifications presented herein), for purposes of providing comparisons with historical data. The assumptions and estimates underlying the prospective financial information are inherently uncertain and are subject to a wide variety of significant business, economic and competitive risks and uncertainties that could cause actual results to differ materially from those contained in the prospective financial information. Accordingly, there can be no assurance that the prospective results are indicative of the future performance of OSW or that actual results will not differ materially from those presented in the prospective financial information. Inclusion of the prospective financial information in this Investor Presentation should not be regarded as a representation by any person that the results contained in the prospective financial information will be achieved.

Use of Non-GAAP Financial Measures

In addition to financial information prepared in accordance with generally accepted accounting principles in the United States ("GAAP"), this Investor Presentation includes certain non-GAAP financial measures, such as EBITDA, Adjusted EBITDA, and Adjusted Net Income which may not be directly comparable to similarly titled measures of other companies. OSW believes that the presentation of non-GAAP measures provides information that is useful to investors as it indicates more clearly the ability of OSW to meet capital expenditure and working capital requirements and provides an additional tool for investors to use in evaluating ongoing operating results and trends. These non-GAAP financial measures are in addition to, and not a substitute for or superior to, measures of financial performance prepared in accordance with GAAP. There are certain limitations related to the use of these non-GAAP financial measures versus their nearest GAAP equivalents. For example, other companies may calculate non-GAAP financial measures differently or may use other measures to evaluate their performance, all of which could reduce the usefulness of our non-GAAP financial measures as tools for comparisons with other companies. Please see our most recent Form 10-K for the year ended December 31, 2025, as well as our earnings press releases reporting our financial results for the quarter ended September 30, 2026 for further details on how we define these non-GAAP financial measures and for reconciliations of the non-GAAP financial measures to their nearest GAAP equivalents. We are not providing a quantitative reconciliation of forward-looking non-GAAP financial measures to the most directly comparable GAAP measure because we are unable to predict with reasonable certainty the ultimate outcome of certain significant items that are uncertain, depend on various factors and could be material to our results computed in accordance with GAAP.

Industry and Market Data

In this Investor Presentation, OSW relies on and refers to information and statistics regarding market shares in the sectors in which it competes and other industry data. OSW obtained this information and statistics from third-party sources believed to be reliable, including reports by market research firms. OSW has supplemented this information where necessary with information from discussions with its customers and its own internal estimates, taking into account publicly available information about other industry participants and its management's best view as to information that is not publicly available. OSW has not independently verified the accuracy or completeness of any such third-party information.

WORLD CLASS FACILITIES AT SEA, ON LAND

KEY INVESTMENT HIGHLIGHTS

- *90+% outsourced spa market share on cruise ships*
- *20+ consecutive years of global passenger growth[1]*
- *Robust infrastructure and global network*
- *Cruise capacity and occupancy is highly visible*
- *New services lead to higher spend*

PREEMINENT LEADER

- 90+% outsourced spa market share on cruise ships
- ~17x larger than nearest maritime competitor
- ~23M annual captive audience

FAVORABLE INDUSTRY DYNAMICS

- 20+ consecutive years of global passenger growth[1]
- Strong population and demographic trends
- Emphasis on health, wellness and luxury lifestyles

DIFFICULT TO REPLICATE

- Robust infrastructure and global network
- Training and service model built over several decades
- Staggered contracts with cruise line partners

PREDICTABLE GROWTH

- Cruise capacity and occupancy is highly visible
- Published Cruise Ship order data
- Multi-year contracts include new ships during term

INNOVATION IN SERVICES & ENHANCED CAPABILITIES

- New services lead to higher spend
- Increased utilization from booking tools
- Expansion in offerings to appeal to a broader customer base

STRONG FCF & ASSET LIGHT

- Attractive tax rate
- Asset light with minimal capex
- Cruise lines fund spa build-out and maintenance

1. Excludes COVID affected years of 2020-2022, with 2024 coming in 16% higher than 2019

ONESPAWORLD, THE PREEMINENT GLOBAL HEALTH & WELLNESS SERVICES COMPANY

OneSpaWorld's Board of Directors approved a quarterly dividend payment of $0.0625 per common share payable on December 2, 2026 to shareholders of record as of the close of business on November 18, 2026.

ONESPAWORLD OVERVIEW

Record Breaking Performance in Q3 2026

- "We delivered excellent third quarter performance, reporting results that surpassed our guidance and marking our 22nd consecutive record quarter of year-over-year growth in Total revenues and Adjusted EBITDA. …"
- "I am pleased to report continued strength in the third quarter, which saw Total revenues increase 7% and Adjusted EBITDA increase 12%. … We also continued to implement and integrate AI technology to drive operational efficiencies and profitable growth."
- "We continued to execute our balanced capital allocation strategy … to return $42.3 million to shareholders in the third quarter, including $37.2 million attributable to the repurchase of approximately 1.4 million common shares and $5.1 million via our quarterly dividend. In addition, we repaid $11.3 million of our Term Loan Facility in the third quarter. …"

MORE THAN 20 CONSECUTIVE YEARS OF GLOBAL PASSENGER GROWTH

The global cruise industry has proven resilient through recessions with passenger counts growing consistently for more than 20 years, until March 2020, with the Covid-19 pandemic having an unprecedented impact on the industry

GLOBAL CRUISE SHIP PASSENGERS (M)

Sources: CLIA, Cruise Industry News, Management.
Note1985-2014 from CLIA Legacy North America Cruise Passenger Database, Pre-One reSource DB. CLIA-member cruise lines only (ocean-going vessels; does not include river cruise vessels)
2015 was a transition year wherein a new, refined data collection template was issued globally. Higher compliance and more precise reporting account for the relatively high YOY bump from 2014
2016 through 2023 data from CLIA One reSource, which is a global, standardized passenger DB, offering source countries (and source States for USA, Canada, and Australia), destination regions, durations, and ages of guests.
One reSource also contains global non-CLIA ocean-going passenger data on an annually-aggregated basis, thus accounting for another relatively high YOY bump from 2015 to 2016

UNIQUELY VISIBLE AND PREDICTABLE GROWTH

Growth and Capital Allocation Strategy Built on the Following Key Drivers:

1 Capture Highly Visible New Ship Growth with Current Cruise Line Partners

Cruise capacity growth is highly visible and predictable with published global orderbooks reflecting 5+ years of growth

OneSpaWorld's ~5-year, fleet-wide contracts entitle it to operate on new ships launched during the contract term

2 Continue Launching Higher Value Services and Products

Expand higher-ticket medi-spa services to all appropriate ships within our fleet

Introduce exciting products and services, including IV therapy and immunity protocols and facial toning services, and have begun the rollout of Cryo-body services, as well as introducing new Cryo and LED facial services, as part of the new Elemis Biotec2.0 offering.

Curated indigenous services specific to global geographies and precise demographics

Continued R&D to always promote retail offerings specific to our environment

3 Focus on Enhancing Health and Wellness Center Productivity

Increase pre-booking and pre-payment capture rate as pre-booked appointments yield ~30% more revenue than services booked onboard

Expand targeted marketing and promotion initiatives

Utilize technology to increase utilization and enhance service mix

Extend retail beyond the ship

4 Expand Market Share By Adding New Potential Cruise Line Partners

Room to continue to grow 90%+ market share in the outsourced maritime health and wellness market as evidenced by recent new contract wins with Aroya Cruises and Mitsui Ocean Cruises.

5 Enhance our Capital Structure and Strengthen our Balance Sheet

Utilize Board authorized $100M share repurchase plan to opportunistically repurchase shares

Explore opportunities within the health and wellness space to expand footprint

Continue to pay down debt to reduce interest expense

GLOBAL TRENDS TO DRIVE SECTOR GROWTH

Multiple long-term mega trends underpin a compelling growth outlook, driving the continued expansion of onboard health and wellness centers.

SUSTAINABILITY AND SOCIAL RESPONSIBILITY

Planet, People, Integrity

We strive to impart a positive impact on the environment and the lives of our employees, our guests, and the people and cultures of the communities we visit, where we operate, and where we call home. To achieve this, our strategic priorities include programs that promote responsible practices throughout our business, assure a respectful and equitable workplace, enhance our employees' personal and career development, strengthen our data privacy and cybersecurity, and support local communities and organizations. In so doing, we are affecting long-term sustainable growth of the Company and creating long-term value for our cruise line and destination resort partners and our shareholders.

Please visit our OSW Website for more information: https://onespaworld.com/our-world/corporate-social-awareness
